much speculation thereat; for Mr. Hahlo was thought to be an ardent supporter of William M. Hearst.

But now, noting the absence of Hearst pictures on the walls of the meeting place, ordered "Fitts" to produce a set of Hearst photographs conspicuously. Mr. Hahlo, who has recently transferred from a responsible position at the New York department, suddenly rose and left the apartment. "Fitts" noted the departure of Mr. Hahlo and commented thereon.

that were in need of the scheme. "If any of our boys down in the first get that sort of a hand, they would be a better to a frat and that is no 'pda,' neither."

Kiss Wins Votes Through Medford of Toothpicks.

Emil Kise, Republican candidate for Assembly in the Tenth District, has conceived a new fangled campaign document composed of a little packet of toothpicks.

The packet presents a picture of the candidate and his praying.

"If you want to pick the winner, vote for Emil Kise. Everybody likes a kiss, no vote for Emil."

A New Piano Delivered---And You Pay \$10 Then \$6 a Month.

IF YOU HAVEN'T A PIANO you have planned to get one--when you have the money to spare. Almost every head of a family makes this plan. The Piano seems to complete the home. It keeps the young people together. It is a fine piece of furniture, and it is as good an influence as any man can bring into a home where there are children.

So it is that almost every father and mother PLANS to have a Piano--just as soon as the money can be spared.

The Loeser Store comes in at this very point. The Loeser Store can help you to make the PLAN

RE REALITY and without any waiting.

You have depended on this Store for clothes and housefurnishings and other daily needs for years. Did it ever occur to you that the same reliability and the same low prices which make this Store your dependence in these things would be just as sure concerning PIANOS bought here?

We will deliver a Piano to you for a payment of \$10 in cash—no more. You may pay the balance of its cost at the rate of \$6 a month—so little that you will never feel it as demanding a special effort.

Further, the price of the Piano will be EXACTLY THE SAME PRICE AS THOUGH YOU PAID CASH. The only additional cost will be 4 per cent. simple interest on the deferred payments—less than \$15 altogether—practically a banking charge for advancing the money. Thus you may

Enjoy Your Piano While You Pay for It.

Think over the possibilities in this plan. If you started in to save the money for the Piano it would take you several years to do it, provided you saved no more than these monthly payments. And when you were all done the whole possible economy would be less than fifteen dollars—and you would be years without the possession of a Piano. Instead of having and enjoying it all the time.

The Pianos which we sell under this plan are the splendid

*Heller Pianos at \$250, \$275 and \$300.

They are unequalled instruments at those prices. Pianos of equal merit are generally sold for \$350 to \$450—and often for more.

But in the Loeser Store the same principles of fair profits prevail as in every other branch of this business; and our prices for Heller Pianos represent what we consider fair profit.

Heller Pianos are sweet-toned, even-scaled instruments in particularly fine and artistic cases. You have our personal guarantee on every one of them—a guarantee which extends for ten years from the date of delivery. You will find in them supreme satisfaction that you have the BEST Piano to be had for the price, and that you are buying it on the EASIEST terms.
